

Communication

Torphichen Primary School has introduced a new and useful tool called Groupcall Messenger. This is a service where any letters, newsletters, permission slips etc. are placed on the Groupcall Messenger system. Parents who sign up to this service will receive email alerts when they have a new item to read from the school. It is a handy way to make sure you have access to all letters and to ensure they don't go missing. Please indicate the method of communication you would prefer us to use when sharing information.
